MariHacks IX

Overview

MariHacks is Montreal's first and largest **24-hour hackathon for CEGEP and high school students**. Organized by **Marianopolis College** students and hosted on campus, we will bring **over 300 people** from all over the country together to prototype their innovative ideas and push their creativity forward. We strive to foster a learning environment that is both challenging and fun for all hackers, from novice programmers to seasoned coders. We're back for our **9th edition** this year with one goal in mind: to make this hackathon the best of all hackathons!

Why Hackathons

Hackathons provide passionate learners with the opportunity to explore the endless possibilities of the world of computer science by **building meaningful projects** alongside fellow students who share similar interests. The workshops offered throughout our event allow even complete beginners to **acquire new skills** and to apply them to build a creation they are truly passionate about.

Why You Should Sponsor Us

Sponsoring MariHacks is a fantastic way to gain **direct access to top student talent** from Quebec's leading CEGEPs and high schools, while reaching a large audience of **young tech enthusiasts**. By sponsoring MariHacks, you are also empowering the **300+ students** who sign up to MariHacks to reach their full potential and build a **positive brand image** rooted in **youth empowerment**.

What We Need

In order to host a **fun and enriching hackathon**, we need to provide hackers with everything they need to perform their tasks and have an enjoyable experience. From **digital tools and equipment** to **prizes, snacks, and entertainment**, hackathons are quite expensive and that is why **we need your help!** All funds and contributions are directly invested in MariHacks itself to make our event the most memorable possible!

MariHacks IX

2026 Theme: Empowering Women in Tech

MariHacks IX is proud to center this year's hackathon around **Empowering Women in Technology**. We're building a more inclusive space through **women-led workshops**, **mentorship opportunities**, and **coding challenges** that showcase women's contribution in tech. Our vision is to **inspire more young women to pursue computer science** by giving them the tools and support they need to succeed. Sponsors who share this mission play a key role in making that vision a reality.

Women-Led Workshops

Sessions where participants learn from female engineers, developers, and researchers.

Mentorship Opportunities

One-on-one and group mentorship with women in the tech industry to inspire and guide the next generation.

Challenges

Themed problem statement and project track focused on diversity, accessibility, and social impact.

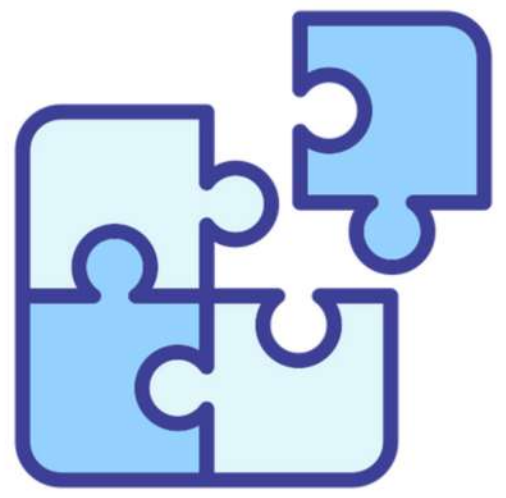

Panel Discussions

Conversations with women in various stages of their tech careers about their journeys and the challenges they've overcome.

By Partnering with Us,

You'll help provide visible support for gender equity and play a direct role in shaping a more inclusive tech community.

How You Can Help

Sponsor a Challenge

Define a hackathon category and award a challenge prize to a project in line with your research interests.

Bring Company Engineers to Mentor

Mentorship is an excellent way for your company to interact directly with students throughout the event.

Provide Solutions to Hackers

You think your products can help our hackers create better solutions? Hook them up with an API or other service!

Host a Workshop or a Talk

Host a technical or non-technical workshop during the hackathon. It could be on your company's API, a yoga session, or any service your company provides!

Sponsor a Prize

Reward the hard and amazing work of the MariHacks participants with awesome prizes, such as tech gear, bursaries, office visits or internships.

Send Company Promotional Items

Whether it be t-shirts, stickers, or water bottles, anything goes! Developing brand recognition with participants is an extremely effective way to promote your company.

Every Contribution Counts

If you have other ideas for how you'd like to support MariHacks, we'd love to hear from you. Reach out to us anytime at team@marihacks.com.

MariHacks 2025 Recap

A Snapshot in Numbers

MariHacks 2025 brought together **hundreds of passionate students**, **inspiring mentors**, and **forward-thinking sponsors** for 24 hours of nonstop innovation. Here's a look at the **numbers** that defined one of Quebec's most exciting student tech events.

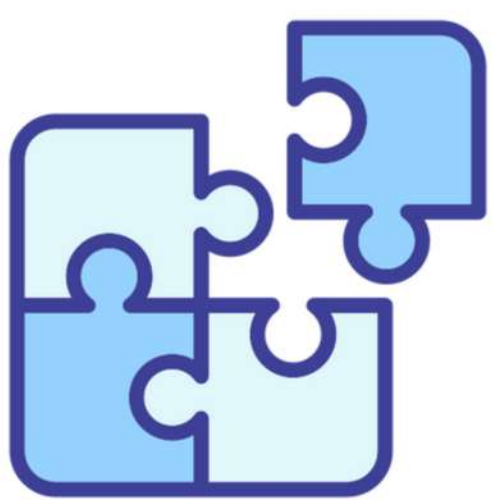

1 Hackathon

Students tackled real-world problem statements submitted by sponsors, applying creativity and technical skills to build solutions.

20k+ Social Media Impressions

Our Instagram and Discord promotions reached thousands of students and tech enthusiasts before, during, and after the event.

300+ Sign-Ups

Students from over 50 CEGEPs and high schools across Quebec joined us for 24 hours of hacking.

\$4000+ in Prizes

Participants received tech gear, subscriptions, and gift cards thanks to our generous sponsors and partners.

50+ Judges, Mentors, Staff

Industry experts and educators helped bring this hackathon to life by mentoring participants and judging projects.

Invest in Potential

Support from sponsors like you does more than provide visibility: it fuels learning, builds futures, and drives the next generation of innovation.
